DILEAS GU BRATH

Regimental Badges 1914-1918 and 1945-1948

Regimental Colors during the 1st. Pz. Gren.

The above patch was the Regimental patch. The colors depicted the number of the Division. The patch above it was the Brigade patch, the color denoting the number of the Brigade. The shape of the Brigade patch denoted the numerical order of the formation in the Brigade. No Brigade patches were worn during the 1914-1918 war.

Regimental Colors during the 2nd. Pz. Gren.

Take these men for your example.
Like them, remember that prosperity
can be only for the free, that freedom
is the sure possession of those alone
who have the courage to defend it.

Pericles

They shall grow not old, as we that are left
grow old,

Age shall not weary them, nor the years
condemn.

At the going down of the sun, and in
the morning,

We will remember them.

Gerard Manly
